

**FIRST SEMESTER M.Sc. DEGREE (REGULAR/SUPPLEMENTARY)
EXAMINATION, NOVEMBER 2020****(CBCSS)****Clinical Psychology****CPY 1C 05—CLINICAL PSYCHOLOGY-I****(2019 Admissions)****Time : Three Hours****Maximum : 30 Weightage****General Instructions**

1. *In cases where choices are provided, students can attend all questions in each section.*
2. *The minimum number of questions to be attended from the Section / Part shall remain the same.*
3. *There will be an overall ceiling for each Section / Part that is equivalent to the maximum weightage of the Section / Part.*

Section A

*Answer any eight questions.
Each question carries 1 weightage.*

1. Clinical Psychology.
2. Psychotherapy.
3. Community mental health.
4. Acute stress reaction.
5. False memories.
6. Bereavement.
7. Agora phobia.
8. Separation anxiety disorder.
9. Paranoid personality disorder.
10. Alcohol dependent syndrome.
11. Hallucinogens.
12. Relaxation technique.

(8 × 1 = 8 weightage)**Turn over**

Section B

*Answer any **four** questions.
Each question carries 3 weightage.*

13. Current issues in clinical psychology.
14. Clinical features and symptoms of PTSD.
15. Consequences of bereavement.
16. Clinical picture of OCD.
17. Psychodynamic aspects of anxiety disorder.
18. Classification of personality disorder.
19. Caffeine related disorders.

(4 × 3 = 12 weightage)

Section C

*Answer any **two** questions.
Each question carries 5 weightage.*

20. Give an account of the historical overview of clinical psychology.
21. Describe the clinical features and treatment of adjustment disorder.
22. Elucidate the CBT techniques used for treating anxiety disorders.
23. Discuss the clinical picture and etiology of antisocial personality disorder.

(2 × 5 = 10 weightage)

**FIRST SEMESTER M.Sc. DEGREE (REGULAR/SUPPLEMENTARY)
EXAMINATION, NOVEMBER 2020****(CBCSS)****Clinical Psychology****CPY 1C 04—ADVANCED SOCIAL PSYCHOLOGY****(2019 Admissions)****Time : Three Hours****Maximum : 30 Weightage****Section A**

*Answer any **eight** questions.
Each question carries 1 weightage.*

1. Social Psychology.
2. Self esteem.
3. Altruism.
4. Child abuse.
5. Female offenders.
6. Racism.
7. Global warming.
8. Deforestation.
9. Tsunami.
10. Political climate.
11. Crisis management.
12. Peace Psychology.

(8 × 1 = 8 weightage)**Section B**

*Anser any **four** questions.
Each question carries 3 weightage.*

13. Self fulfilling prophecy.
14. Factors affecting self efficacy.

Turn over

15. Role of female professionals in the criminal justice system.
16. Consequences of intimate partner violence.
17. Significance of biodiversity and environment.
18. Behaviour as a cause of environmental change.
19. Risks of political leadership.

(4 × 3 = 12 weightage)

Section C

*Answer any **two** questions.*

Each question carries 5 weightage.

20. Give an account of situational influences and conformity.
21. Describe the types, signs and preventive methods of child abuse.
22. Describe the psychological aspects of disaster management.
23. Elucidate the psychology of conflict and peace.

(2 × 5 = 10 weightage)

**FIRST SEMESTER M.Sc. DEGREE (REGULAR/SUPPLEMENTARY)
EXAMINATION, NOVEMBER 2020****(CBCSS)****Clinical Psychology****CPY 1C 03—PHYSIOLOGICAL PSYCHOLOGY****(2019 Admissions)****Time : Three Hours****Maximum : 30 Weightage****General Instructions**

1. *In cases where choices are provided, students can attend all questions in each section.*
2. *The minimum number of questions to be attended from the Section / Part shall remain the same.*
3. *There will be an overall ceiling for each Section / Part that is equivalent to the maximum weightage of the Section / Part.*

Section A

*Answer any eight questions.
Each question carries 1 weightage.*

1. Basal ganglia.
2. Hypothalamus.
3. CSF.
4. Neuroanatomical research.
5. Scanning.
6. Chemical stimulation.
7. Learning.
8. Hippocampus.
9. RNA.
10. Positive and negative stress.
11. ESB.
12. Cerebral dominant.

(8 × 1 = 8 weightage)**Turn over**

Section B

Answer any four questions.

Each question carries 3 weightage.

13. Structure of spinal cord.
14. Functions of cerebral cortex.
15. Lesioning as a method of neuroanatomical research.
16. Storage mechanisms of memory.
17. Intermediate mechanisms in motivation.
18. Stress and endocrine system.
19. Split brain models.

(4 × 3 = 12 weightage)

Section C

Answer any two questions.

Each question carries 5 weightage.

20. Describe the structure and functions of limbic system ?
21. Elucidate the physiological basis of learning ?
22. Discuss the central and peripheral mechanisms in emotion ?
23. Explain the levels in consciousness formation and stages of sleep ?

(2 × 5 = 10 weightage)

**FIRST SEMESTER M.Sc. DEGREE (REGULAR/SUPPLEMENTARY)
EXAMINATION, NOVEMBER 2020****(CBCSS)****Clinical Psychology****CPY 1C 02—PERSONALITY AND PERSONAL GROWTH****(2019 Admissions)****Time : Three Hours****Maximum : 30 Weightage****General Instructions**

1. *In cases where choices are provided, students can attend **all** questions in each section.*
2. *The minimum number of questions to be attended from the Section / Part shall remain the same.*
3. *There will be an overall ceiling for each Section / Part that is equivalent to the maximum weightage of the Section / Part.*

Part A

*Answer any **eight** questions in one or two sentences each.
Each question carries 1 weightage.*

1. Proprium.
2. Functional autonomy.
3. Looking glass self.
4. Sufism.
5. Categorical self.
6. Phenomenal consciousness.
7. Self actualisation.
8. Empathy.
9. Yoga psychology.
10. Meditation.
11. The existential anguish.
12. Unconditional positive regard.

(8 × 1 = 8 weightage)**Turn over**

Part B

Answer any **four** questions in a **paragraph** each.
Each question carries 3 weightage.

13. Holistic Psychology.
14. Hierarchy of needs.
15. Advaita view of cognition.
16. Self as an object and as a process.
17. Symbolic interactionism.
18. Psychometric studies of Guna typology.
19. Buddhist phenomenology of consciousness.

(4 × 3 = 12 weightage)

Part C

Answer any **two** questions in an **essay** each.
Each question carries 5 weightage.

20. Make a comparison of East-West concepts of mind.
21. Discuss the theory of personality by Allport.
22. Compare the theories of moral development by Erickson and Kohlberg.
23. Explain the implications of karma and dharma for psychology.

(2 × 5 = 10 weightage)

**FIRST SEMESTER M.Sc. DEGREE (REGULAR/SUPPLEMENTARY)
EXAMINATION, NOVEMBER 2020**

(CBCSS)

Clinical Psychology

CPY 1C 01—PSYCHODYNAMICS AND COGNITION

(2019 Admissions)

Time : Three Hours

Maximum : 30 Weightage

General Instructions

1. *In cases where choices are provided, students can attend **all** questions in each section.*
2. *The minimum number of questions to be attended from the Section / Part shall remain the same.*
3. *There will be an overall ceiling for each Section / Part that is equivalent to the maximum weightage of the Section / Part.*

Section A

*Answer any **eight** questions.*

Each question carries 1 weightage.

1. Cognitive Psychology.
2. Direct perception.
3. Selective attention.
4. Habituation.
5. Blocking effect.
6. Premack's principle.
7. Magic number 7.
8. Semantic memory.
9. Phonological loop.
10. Heuristics.
11. Analogy.
12. Reasoning.

(8 × 1 = 8 weightage)

Turn over

Section B

*Answer any **four** questions.*

Each question carries 3 weightage.

13. Philosophical antecedents of Cognitive Psychology.
14. Top-down approach to perception.
15. Basic concepts of learning.
16. Schedules of reinforcement.
17. Working memory model.
18. Interference theory of forgetting.
19. Deductive versus inductive reasoning.

(4 × 3 = 12 weightage)

Section C

*Answer any **two** questions.*

Each question carries 5 weightage.

20. Define and discuss any *two* theoretical approach to perception.
21. Explain the basic concepts and applications of classical conditioning.
22. Illustrate the Atkinson-Shiffrin model of memory store.
23. Elucidate the important approaches in problem solving.

(2 × 5 = 10 weightage)

**FIRST SEMESTER M.Sc. DEGREE (SUPPLEMENTARY) EXAMINATION
NOVEMBER 2020****(CUCSS)****Clinical Psychology****CP IC 04—PSYCHODYNAMICS : PERSONALITY, LEARNING AND MOTIVATION****(2012 Admissions)****Time : Three Hours****Maximum : 36 Weightage****Section A***Answer all questions.**Each question carries 1 weightage.*

1. Fixation.
2. Displacement.
3. Collective unconscious.
4. Striving for superiority.
5. Neurotic needs.
6. Modelling.
7. Functional autonomy.
8. Physiological needs.
9. Radical behaviourism.
10. Self actualization.
11. Secondary drive.
12. Aversive conditioning.
13. Spontaneous recovery.
14. Trial and error learning.

(14 × 1 = 14 weightage)**Section B***Answer any seven questions.**Each question carries 2 weightage.*

15. Defense mechanisms of the ego.
16. Dynamics of personality in analytic theory.
17. Adler/s views on personality.
18. Determinants of personality by Sullivan.
19. Social views on personality by Bandura.
20. Basic concepts of personality by Allport.

Turn over

21. Perspectives of motivation by Hull.
22. Instinct theory of motivation.
23. Schedules of reinforcement.
24. Tolman's perspectives on learning.

(7 × 2 = 14 weightage)

Section C

Answer any two questions.

Each question carries 4 weightage.

25. Explain the structure of personality and stages of development proposed by Sigmund Freud.
26. Elucidate the structure of traits and development of personality depicted by Cattell ?
27. Give a brief account on the lifespan approach to motivation.
28. Discuss the underlying processes and practical applications of classical conditioning.

(2 × 4 = 8 weightage)

**FIRST SEMESTER M.Sc. DEGREE (SUPPLEMENTARY) EXAMINATION
NOVEMBER 2020****(CUCSS)****Clinical Psychology****CP IC 03—CLINICAL PSYCHOLOGY-I****(2012 Admissions)****Time : Three Hours****Maximum : 36 Weightage****Section A***Answer all questions.**Each question carries 1 weightage.*

1. Stress tolerance.
2. Bereavement.
3. Agoraphobia.
4. Separation anxiety disorder.
5. Panic disorder.
6. Psychopathy.
7. Dependent personality disorder.
8. Mental health.
9. Amphetamine.
10. Flashback.
11. Clinical neuropsychology.
12. Disaster syndrome.
13. Forensic psychology.
14. Alcoholism.

(14 × 1 = 14 weightage)**Section B***Answer any seven questions.**Each question carries 2 weightage.*

15. Current issues in Clinical Psychology.
16. Symptoms and treatment of PTSD.
17. Clinical features of adjustment disorders.
18. Mental health consequences of bereavement.
19. Clinical features and symptoms of GAD.
20. Psychodynamic aspects of anxiety disorders.

Turn over

21. Clinical features of antisocial personality disorder.
22. Personality change during a general medical condition.
23. Anabolic-Androgenic steroid abuse.
24. Cocaine related disorders.

(7 × 2 = 14 weightage)

Section C

*Answer any two questions.
Each question carries 4 weightage.*

25. Discuss the clinical features, symptoms and etiology of acute stress disorder.
26. Briefly describe the cognitive-behavioural therapy techniques for anxiety disorders.
27. Elucidate the clinical picture and etiology of paranoid personality disorder.
28. Describe the causes, consequences and treatment of cannabis related disorders.

(2 × 4 = 8 weightage)

**FIRST SEMESTER M.Sc. DEGREE (SUPPLEMENTARY) EXAMINATION
NOVEMBER 2020****(CUCSS)****Clinical Psychology****CPIC 02—NEURO PSYCHOLOGY****(2012 Admissions)****Time : Three Hours****Maximum : 36 Weightage****Section A**

*Answer all questions.
Each question carries 1 weightage.*

1. Cytoarchitecture.
2. Disconnection syndrome.
3. Agraphia.
4. Confabulation.
5. Broca's area.
6. Psychosurgery.
7. Gerstmann's syndrome.
8. Temporal lobe epilepsy.
9. Bilateral lesions.
10. Somato-sensory perception.
11. Visual pathway
12. Behavioural observation.
13. Higher cognitive functions.
14. Spatial alexia.

(14 × 1 = 14 weightage)**Section B**

*Answer any seven questions
Each question carries 2 weightage.*

15. Role of frontal lobe in intelligence.
16. Consequences of lesions in frontal lobe.

Turn over

17. Anatomical divisions of parietal lobe.
18. Lesions and laterality in parietal lobe.
19. Visual and auditory functioning of temporal lobe.
20. Unilateral lesions of temporal lobe
21. Basic visual functions of occipital lobe.
22. Levels of consciousness.
23. MSE in Neuropsychology.
24. Anatomical divisions of occipital lobe.

(7 × 2 = 14 weightage)

Section C

Answer any two questions.

Each question carries 4 weightage.

25. Briefly describe the major structures of brain ?
26. Discuss the specific functions of parietal lobe.
27. Explain the anatomical divisions of temporal lobe.
28. Give a brief account on the NIMHANS Battery of neuropsychological assessment ?.

(2 × 4 = 8 weightage)

NOVEMBER 2020**

(CUCSS)

Clinical Psychology

CP IC 01—PHYSIOLOGICAL PSYCHOLOGY

(2012 Admissions)

Time : Three Hours

Maximum : 36 Weightage

Section A

Answer all questions.

Each question carries 1 weightage.

1. Spinal cord.
2. Cerebral hemisphere.
3. CSF.
4. Limbic system.
5. Amygdala.
6. Neocortex.
7. Leisioning.
8. Chemical stimulation.
9. Locus of learning.
10. Consolidation hypothesis.
11. Emotion.
12. Distress.
13. Cerebral dominance.
14. Scanning.

(14 × 1 = 14 weightage)

Turn over

Section B

Answer any seven questions.

Each question carries 2 weightage.

15. Functions of somatic nervous system.
16. Structure of Spinal cord.
17. Structure of limbic system.
18. Organization of cerebral cortex.
19. Electrophysiological Indices of learning.
20. Storage Mechanisms of memory.
21. Role of endocrine system on stress.
22. Physiological basis of motivation.
23. Stress and coping strategies.
24. Models of split brain.

(7 × 2 = 14 weightage)

Section C

Answer any two questions.

Each question carries 4 weightage.

25. Give an outline on the organization of central nervous system ?
26. Briefly describe the structure and functions of temporal lobe ?
27. Elucidate the physiological basis of emotion ?
28. Discuss the influence of cortex and hippocampus on learning ?

(2 × 4 = 8 weightage)
